Flats

After a resident has been staying in the main house for at least a year, she may apply to stay in one of the self-catering flats. These flats offer a greater measure of independence and are very much in demand. Flats are allocated at the discretion of our Management Committee. We need to feel confident that the young ladies living in the flats will continue to abide by the rules and ethos of The YW.

Flat Rules

- Students are responsible for cleaning their own flat, however bathrooms will be deep cleaned by The YW staff once a month. The YW staff will clean the windows once a quarter and fumigation will be done twice a year.
- Students need to purchase their own electricity (an electricity meter is installed in each flat).
- Management reserves the right to inspect any flat at any time.
- The students may book at our reception for a meal in the diningroom of our main house. This must be done before 10:00 on the day. Booking is essential.

All other relevant information specified for the main house, will also apply to those living in the flats.

I have read this document and agree to abide by the rules contained herein.
